INTRODUCTION

The 1986 report on corporation income and franchise taxes consists of two major sections. The first contains a brief summary of 1986 corporation and franchise returns and the taxes paid. The second is an appendix containing a summary of corporate income tax, franchise tax law and statistical tables.

NOTE

This report does not contain $20.8 million of corporation income tax collected during Iowa's Tax Amnesty Program during 1986.

IOWA CORPORATION INCOME TAX

AND FRANCHISE TAX

SUMMARY OF 1986 CORPORATION AND FRANCHISE RETURNS AND TAXES PAID

The Department of Revenue and Finance has completed analysis of approximately 47,000 corporate income tax returns and 700 franchise tax returns filed during calendar year 1986. The total corporate liability was $129.4 million and the total franchise tax was $12.8 million.

During calendar year 1986, 718 financial institutions filed franchise tax returns. During the same period a total of $12.8 million in tax was reported by 440 taxpayers (Table A). In comparison, in 1985, 742 taxpayers reported $13.8 million in Iowa franchise tax.

TABLE A

Number of Franchise Tax Returns
and Computed Tax by Taxable Income
Calendar 1986
(Millions of Dollars)

Taxable Income	Number of Returns	Percentage Distribution	Computed Tax	Distribution
$ 0-$100,000	57	12.94%	$ 155	1.21%
$100,000-$500,000	263	59.77	3,495	27.22
Over $500,000	120	27.27	9,182	71.57
	440	100.00%	$ 12,842	100.00%

Corporations filed 16,624 pay returns or 35 percent of total corporate returns (See Table B & C). The balance of the returns were filed by 20,799 corporations which had no liability and 9,859 subchapter S firms.

TABLE B
Number of Corporate Returns by Payment Status
For Residents and Nonresidents

	Resident		Nonresident		Total	
Type of Return	No. of Returns	% of Total	No. of Returns	% of Total	No. of Returns	% of Total
Pay	13,548	34.72%	3,076	37.24%	16,624	35.16%
No-Pay	16,229	41.59	4,570	55.32	20,799	43.99
Subchapter S	9,244	23.69	615	7.44	9,859	20.85
	39,021	100.00%	8,261	100.00%	47,282	100.00%

Some of the other significant points of the analysis are as follows:

- Returns filed by Iowa corporations represent 83 percent of total pay returns while their tax liability was approximately 46 percent of total liability. Nonresident corporations on the other hand filed 17 percent of all returns and their tax liability was approximately 54 percent of the total. The average tax liability for nonresidents was $22,552 compared to $4,429 for residents.

- Approximately 60% of the $129.4 million in Iowa corporate income tax liability was paid by approximately 1 percent of the corporations filing returns (See Table C). More specifically, 208 corporations reported tax liability of $84.0 million.

TABLE C
Total Corporation Pay Returns
and Income Tax Paid by
Taxable Income Brackets

Taxable Income	Number of Returns	% of Total	Computed Tax	% of Total
$ 0-$ 25,000	10,823	65.11%	$ 5,423,348.94	4.19%
$ 25,000-$ 100,000	4,493	27.03	15,177,509.60	11.73
$100,000-$ 500,000	1,011	6.08	18,887,444.96	14.60
$500,000-$1,000,000	152	0.91	11,850,082.12	9.16
$1,000,000 and over	145	0.87	78,039,185.58	60.32
	16,624	100.00%	$129,377,571.20	100.00%

- The total taxes paid in 1986 were $129.4 million or an average of $7,782.58 per return. This represents a decrease from 1985 when total taxes were $146.8 million or an average tax of $8,552.83

- Approximately 65 percent of taxable returns were filed by corporations having taxable income of less than $25,000 and subject to the lowest tax rate of 6 percent (See Table C). These taxpayers had an average tax of approximately $501 and paid only 4.19 percent of the total corporation income tax.

- Apportioning corporations, those that do business within and without the state, have the largest share of liability for the states corporate income tax. For tax returns filed in 1986, these 4,151 apportioning corporations reported total state taxes of $93.2 million or 72 percent of the total corporate tax liability (See Table D).

TABLE D

Number of Pay Returns and Computed Tax
For Apportioning and Nonapportioning
1986 Returns

Return Type	Number	% Dist.	Computed Tax	% Dist.
Apportioning	4,151	24.97%	93.2	72.02%
Nonapportioning	12,473	75.03%	36.2	27.98
Total	16,624	100.00%	129.4	100.00%

- When returns are classified by their principal business activity, two business groups account for approximately 60 percent of total corporate tax liability (See Statistical Appendix, Table 4). The largest group is Manufacturing with total tax of $46.4 million, followed by Utilities and Transportation with $26.7 million.

- Taxable income for federal purposes on the 16,624 pay returns was $68.2 billion (See Statistical Appendix, Table 4). In comparison, these corporations reported a taxable income for Iowa tax purposes of $1.3 billion. The difference in taxable income reflects various deductions allowed for Iowa tax purposes including the deduction of 50 percent of federal tax liability and the provision which allows corporations to compute tax on only that portion of their income which is attributable to Iowa.

STATISTICAL

APPENDIX

TABLE 1

SUMMARY OF CORPORATION INCOME TAX LAW

A corporate income tax is imposed annually upon each corporation organized under the laws of this state and upon every foreign corporation doing business in this state, except certain organizations exempted from the tax under Section 422.34, Code of Iowa, such as financial institutions, insurance companies, and non-profit organizations. If a corporation conducts all of its business or trade within the state, the tax is imposed upon its entire net income. If the corporation conducts its business partly within and partly without the state, the tax is imposed only on that portion of its net income attributable to the state.

Allocation and Apportionment of Income

Net income subject to taxation in Iowa is determined as follows:

1. Allocation - Interest, dividends, rents and royalties received in connection with business in the state, shall be allocated to the state, and where received in connection with business outside the state, shall be allocated outside of the state.
2. Apportionment - The net income from the manufacture or sale of tangible personal property is apportioned to Iowa by the ratio of gross sales from goods delivered or shipped to a purchaser within the state regardless of F.O.B. point or other conditions of the sale, excluding deliveries for transportation out of the state, to the total gross sales of the corporation. Net business income from sources other than the manufacture or sale of tangible personal property is apportioned to Iowa by the ratio of the gross receipts within Iowa to the total gross receipts. Certain corporations compute their Iowa gross receipts by applying a secondary ratio, e.g. trackage, mileage, traffic units, to the total gross receipts.

Iowa Taxable Income

Iowa taxable income for income reported on these returns is defined as net income properly computed for federal income tax purposes:

1. Less interest and dividends from federal securities.
2. Less 50 percent of the federal income taxes paid or accrued during the tax year, adjusted by any federal income tax refunds received.
3. Less any net operating loss deduction computed in the same manner as for federal income tax purposes with certain Iowa adjustments.
4. Plus interest and dividends from foreign securities and from securities of state and other political subdivisions exempt from federal income tax.
5. Plus any Iowa income tax deducted in computing taxable income for federal income tax purposes.

Tax Rates

Iowa taxable income is subject to the following rates determining tax liability.

Taxable Income		Tax Rates
First	$ 25,000	6%
Next	$ 75,000	8%
Next	$150,000	10%
Over	$250,000	12%

EXPLANATION OF TERMINOLOGY

Apportioning Corporations - Corporations which do business both within and without the state are taxed by Iowa on only the net income derived from this state. Such a corporation must apportion its business income to determine the portion of income which is subject to Iowa corporate income tax.

Nonapportioning Corporations - Those corporations which do all their business or trade within the state.

TABLE 1 (cont)

Subchapter S Corporations - A Subchapter S corporation is one which elects to have the shareholders report the income and pay any tax due on their individual income tax returns rather than paying under the corporation income tax.

Pay and No Pay Returns - If a corporation has a tax liability greater than zero, it is classified as a pay return. No pay returns have zero tax liability.

Resident and Nonresident Corporations - Residency is determined by the mailing address from which the return was filed, and refers to the status of being located in the state or out of the state.

Business Class - Data in the report is grouped according to the major business activity indicated by the taxpayer. The data reported in one category may include business activity from another type of activity and therefore, should not be considered as an absolute indicator of business activity by a business class.

TABLE 12

SUMMARY OF THE IOWA FRANCHISE TAX LAW

Taxable Institutions

Since 1971, financial institutions have been subject to a franchise tax measured by income. The franchise tax is measured by the amount of net income, and is imposed by the State of Iowa on financial institutions for the privilege of doing business in the state. A financial institution is defined as a state bank or a national banking association having its principal office within this state, a trust company, a federally chartered savings and loan association, a financial institution chartered by the federal home loan bank board, a production credit association, or a savings and loan association incorporated or authorized to do business under Iowa law.

Taxable Income

For tax years beginning on or after January 1, 1980, these organizations must pay a franchise tax on their net income, the same as computed for Iowa corporate income tax purposes with the following adjustments.

1. A deduction is not allowed for interest and dividends on federal securities.
2. A deduction is not allowed for federal income taxes paid or accrued during the tax year.

Tax Rate

The taxable income, as computed above, is subject to a rate of five percent on all income.

Allocation of Revenue

Franchise tax net receipts act as both a state and a local revenue source. On a quarterly basis, 55 percent of franchise tax receipts are deposited in the state general fund. The remaining 45 percent of the receipts are distributed back to the cities and counties in which the financial institutions are located. For any given financial institution, 60 percent of the remaining 45 percent of its annual tax is distributed to the general fund of the city in which it is located and 40 percent is distributed to the general fund of the county in which it is located. For financial institutions with branch locations, the amount of tax distributed to the cities and counties in which the branches are located is based upon the percent of total business generated by that particular branch compared to the total business of the financial institution.

Under penalties of perjury, I declare that I have examined this return, including accompanying schedules and statements, and to the best of my knowledge and belief it is true, correct, and complete. If prepared by a person other than the taxpayer, the declaration is based on all information of which the preparer has any knowledge.

GENERAL INSTRUCTIONS

WHO SHALL FILE. Financial institutions as defined below must complete and file a franchise tax return. A state bank as defined in Chapter 524, section 103, subsection 19; a trust company; a national banking association having its principal office within Iowa; a production credit association; a federally chartered savings and loan association; a financial institution chartered by the Federal Home Loan Bank Board; or an association incorporated or authorized to do business under Chapter 534 of the Iowa Code.

WHEN TO FILE. Franchise tax returns are to be filed no later than the last day of the fourth month following the close of the financial institution's taxable year.

WHERE TO FILE. Mail your return to FRANCHISE TAX RETURN PROCESSING, IOWA DEPARTMENT OF REVENUE, POST OFFICE BOX 10413, DES MOINES, IOWA 50306.

EXTENSION OF TIME TO FILE. An automatic six-month extension of time to file the Iowa Franchise Tax Return can be obtained on Form IA 7004F for 1985.

SPECIFIC INSTRUCTIONS

1. TAXABLE INCOME PER FEDERAL RETURN. Enter the amount of federal taxable income computed after dividend credit but before net operating loss.
2. INTEREST AND DIVIDENDS. Enter total interest and dividends from evidences of indebtedness and from securities of state and other political subdivisions exempt from federal income tax. If amount on this line differs from the amount shown on line 7 of Federal Schedule M, a schedule reconciling the two amounts must be supplied.
3. IOWA FRANCHISE TAX. Enter the amount of Iowa franchise tax deducted on your federal return.
4. OTHER ADDITIONS. List other additions to Iowa income. These include federal deductions related to sale-leaseback, safe harbor lease, transactions. The deductions related to safe harbor leases which are not allowed for Iowa franchise tax purposes are depreciation (ACRS) and interest payments for the lessor and lease payments for the lessee.
5. TOTAL ADDITIONS. Add lines 2, 3 and 4 and enter the total.
6. TOTAL. Add lines 1 and 5 and enter the total.
7. IOWA NET OPERATING LOSS. Enter the amount of Iowa net operating loss deduction.
8. OTHER REDUCTIONS. Enter the amount of the JOBS TAX credit allowable under Section 44B of IRC (1954) to the extent that the credit increased federal taxable income. (Attach computation schedule.) Enter the amount of income included in federal taxable income because of sale-leaseback, safe harbor lease, transactions. The lessee in a sale-back lease, safe harbor lease, transaction should also enter the amount of depreciation (ACRS) on the cost basis of the asset.

   For tax years beginning on or after January 1, 1984, qualifying small business corporations may take an additional deduction of 50% of wages paid in the first 12 months to new employees who qualify as handicapped or convicted felons. Contact the nearest Department of Revenue office for specific information on qualifications.
9. TOTAL DEDUCTIONS. Add lines 7 and 8 and enter the total.
10. IOWA NET INCOME. Subtract line 9 from line 6 and enter the tax difference.
11. COMPUTED TAX. Enter the amount of computed tax which is 5% of line 10.
12. MINIMUM TAX. Enter the amount of Iowa minimum tax. For tax years beginning on or after January 1, 1983 the Iowa minimum tax is 70% of the federal minimum tax. Where an financial institution joins in the filing of a consolidated federal corporation income tax return, the consolidated federal minimum tax shall be prorated to the separate companies by multiplying the sum of the separate company tax preference items by the amount of the consolidated tax preference items.
13. TOTAL TAX. (Add lines 11 and 12 and enter the total.)
14. ESTIMATED TAX PAYMENTS. Enter the amount of estimated tax paid for the current year.
15. TAXES PAID WITH EXTENSIONS. Enter the amount of previous payments for the current year paid with the filing of an extension. If this is an amended return, include the amount paid with the original return.
16. TOTAL CREDITS. (Add lines 14 and 15 and enter the total.)
17. TAX DUE. (Subtract line 16 from line 13.) If this amount is an overpayment, go to line 21. Otherwise, proceed to line 18 and enter the amount on line 17.
18. PENALTY. If a late return is being filed, a penalty of 5% per month, not to exceed 25%, of the tax due shall be added. Interest at the rate of 1% per month shall be added to the unpaid tax for each month or fraction thereof. This penalty applies to all taxes due and payable after December 31, 1981, and cannot be waived (not to exceed 25% in any case).

   A financial institution having failed to file a timely declaration of estimated tax is subject to an underpayment of estimated tax penalty in addition to the tax.
19. INTEREST. For each month that payment of tax is not paid, interest accrues on the unpaid tax at a rate prescribed by statute from the due date of the return until payment is received.
20. TOTAL DUE. Add lines 17, 18 and 19 and enter the total. Make check payable to: Treasurer, State of Iowa. Do not send cash by mail.
21. OVERPAYMENT. Enter the amount of tax overpaid.
22. REFUND. Enter the amount of overpayment to be refunded.
23. CREDIT. Enter the amount of overpayment to be credited to future tax liabilities.

NOTE: A taxpayer may elect to carry forward an overpayment to future tax years or have it refunded.

INFORMATION DISCLOSURE. State tax information may be disclosed to tax officials of another state or the federal government for tax administration purposes.

ATTACH COPY OF FEDERAL RETURN AND SUPPORTING SCHEDULES AS INDICATED

ALLOCATION DATA FOR FRANCHISE TAX

All financial institutions must complete the "Allocation Data for Franchise Tax" schedule. If a financial institution has more than one office, all of the information requested on the schedule on the front side designated "Allocation Data for Franchise Tax" must be provided. If the schedule is not applicable to your business, indicate on the return allocation schedule that it is not. If more information is provided on a separate schedule, include the same information as indicated on the return allocation schedule.

Name of Financial Institution — Enter the name of each office which transacts business for the financial institution. The principal office of the financial institution should be entered on the first line of the schedule.

City and State — Enter the city and state where each office of the financial institution is located.

County — Enter the county name or number where each office of the financial institution is located. If a bank or institution has an office outside the state of Iowa, the county name or number of the next-of-state office should be entered on the schedule.

Business Activity — The percentage of business activity carried on by each office listed on the schedule shall be determined for business activity assigned to Iowa. All financial institutions with the exception of Production Credit Associations, shall determine their business activity assigned to Iowa by dividing the total receipts of each office located in Iowa by the total receipts of all offices wherever located. Receipts shall be determined in accordance with generally accepted accounting principles. Production Credit Associations shall determine their business activity by dividing the total receipts of each office located in Iowa by the total receipts of all offices wherever located.

IMPORTANT. After listing all office names, city, state and county locations and business activity percentages, verify that the business activity percentages total 100%.
